1.2 TRANSPORTATION SERVICES INFORMATION

1.2.1 Parking on Campus
Parking rules and regulations will be enforced as noted in this document. Upon purchasing a UNT parking permit or using hourly parking services, one agrees to follow all current rules and regulations.
1.2.2 Requirements
There is no free parking on campus, aside from designated loading zones that are marked and monitored. Vehicles parked in the Campus Area (see Regulation 2.3) are required to display a current UNT parking permit and to park where that permit is honored. Vehicles parked in paid hourly lots and paid hourly street curbs, and certain floors of the Highland Street Garage (HSG) and the Union Circle Garage (UCG) are excluded from this requirement. UNT faculty, staff, and students are encouraged to educate family members and guests who park on campus about parking regulations and expectations. See Regulation 4.0 for visitor parking information.

1.2.3 Precedence
Posted signs overrule regulations, and regulations overrule the parking map.

1.2.4 Alternative Services
We have a commitment to promote alternative transportation through biking, walking, and transit services such as, UNT E-ride, and the Denton County Transportation Authority (DCTA) services. By offering alternative services we can help reduce traffic congestion and improve pedestrian safety.

1.2.5 Enforcement
When the university is open for business, regardless of whether or not classes are in session, parking is enforced in all areas. For official closures, refer to the current academic calendar found at UNT Academic Calendar at a Glance 2020-2021. Campus may also have emergency closures, for which UNT community members will be notified by Eagle Alert.

1.2.6 Damage to Vehicles
The University assumes no responsibility in cases of vehicles damaged by wheel stops, curbs, signs, traffic control devices, tow trucks, or impoundment devices.

1.2.7 Availability
A parking permit is not a guarantee that an individual will locate a parking space.

1.2.8 Closures
Transportation Services will communicate with the campus community when parking spaces or areas are subject to closure, temporary restrictions, or other conditions which prevent normal use of a parking facility.

1.3 PARKING AUTHORITY AND CONTROL

1.3.1 Authority
The Texas Education Code (51.202) provides authority to the University of North Texas System to regulate parking. The University of North Texas System Board of Regents has delegated this authority to the President of the University of North Texas pursuant to UNT System Regent’s Rule 11.700 Parking and Traffic Regulations (https://www.untsystem.edu/leadership/board-regents/regs/rules).
1.3.2 Establishment of Rates and Operation
The UNT President establishes parking permit rates, paid hourly rates, garage/facility parking rates, and establishes fine amounts for violations. The UNT President has delegated authority to the Senior Director, Parking and Transportation Services to create the Parking Rules and Regulations. Recommendations for changes to the Parking Rules and Regulations may be made through the Transportation Services Advisory Committee. Additionally, Transportation Services is authorized to provide enforcement of the parking rules and regulations, and operate the Transportation Services program.

1.3.3 Temporary Closures
UNT Transportation Services or Police Department employees are authorized to close or otherwise restrict parking in specific parking spaces or locations for construction, maintenance, special events, or other appropriate reasons necessary to accomplish institutional goals. Transportation Services reserves the right to make such changes with or without advance notice, however the department will make every effort possible to communicate these closures as soon as possible.

1.3.4 Enforcement Authority
All Texas criminal laws and motor vehicle laws, in addition to University regulations, are in effect on UNT property. Transportation Services employees have the authority to enforce regulations and remove or impound any vehicle parked in violation of regulations.

Transportation Services may offer promotional or discounted services to increase utilization of resources. This may include, but not be limited to, discounted parking in garages, transit promotions, bicycle initiatives, or other seasonal events.

3.9 ADA PARKING

ADA accessible parking is available to persons who have a valid UNT parking permit and an ADA license plate, an ADA veteran license plate, or a State approved ADA placard. While displaying a valid UNT permit and ADA credentials, the vehicle may park in “FS” spaces, “R” and “Eagle” spaces. All ADA Spaces designated by ADA signs in permit required lots may be used with a valid UNT Permit.

Individuals with parking fee exemptions, such as DV Plates, should contact Transportation Services to be issued a valid UNT parking permit. A valid UNT parking permit is required for all vehicles parked on UNT properties. Vehicles that fail to display a valid UNT permit are subject to citation.

If cited for failure to display a state issued ADA credential, an individual may bring their state issued credential to Transportation Services and the citation will be reduced to a once per year warning.

3.10 ABANDONED VEHICLES

Transportation Services may deem a motor vehicle to be abandoned if parked on the university campus for more than 48 hours without a valid permit displayed. This is in
accordance with Texas Transportation Code, Sec. 683.002 which states that a motor vehicle is considered abandoned if:

- The vehicle is inoperable, is more than five years old, and has been left unattended on public property for more than 48 hours, or
- The vehicle has remained illegally on public property for more than 48 hours.

3.10.1 Impounding of Abandoned Vehicles
Abandoned vehicles may be immediately impounded/immobilized. Reasonable efforts will be taken by Transportation Services to contact the registered owner. 5.0 PARKING ENFORCEMENT

5.1 ENFORCEMENT PHILOSOPHY

Paid parking and enforcement are designed to make the UNT community work efficiently, as part of a broader parking and mobility strategy. Parking enforcement contributes to an increased quality of life on the UNT campus by maintaining public safety, encouraging compliance with laws and regulations, maintaining the integrity of the parking program, and providing customer service. A properly enforced parking program:

- Provides an orderly environment for people to visit campus and conduct business
- Allows parking spaces to be used for intended purposes, people, and time frames
- Prevents people from using valuable assets (parking spaces) for free when others have paid
- Ensures ADA spaces are available and travel paths are free of obstructions
- Provides for increased safety as Community Service Officers serve as an additional level of security while monitoring parking areas, additional eyes and ears for safety hazards, and suspicious or unusual activity.

5.2 VEHICLE ELIGIBILITY TO PARK ON CAMPUS

Only vehicles properly displaying a valid university parking permit or that have paid hourly parking may park on university property. Parking is enforced 24 hours per day, seven days per week unless the University is officially closed.

It is the responsibility of the individual to ensure their contact information is correct. If an e-mail address has changed, is not provided, or an individual is otherwise not able to receive mail, notice is deemed to have been made at the time Transportation Services attempts to send the electronic notice of citations.

Benefits eligible UNT employees have the option to use payroll deduction to purchase a 
parking permit.

• Requesting payroll deduction as a payment option authorizes the University to

The designation of an employee as either a 9 or 12 month employee is dependent upon the employee’s classification with UNT Human Resources. If an employee elects payroll deduction, the number of pay periods for the deduction will be determined by the employee’s classification as either 9 or 12 months.

Upon termination of employment with UNT, a permit holder on payroll deduction shall return their permit to Transportation Services. Permits not returned remain active and the permit holder is responsible for the permit fee.

If an employee requests to exchange a permit, one deduction process will be discontinued and a new one initiated for the new permit.

Appeal determinations will be made consistent with these regulations.

Citation appeals may result in one of the following determinations:

- **Reduced**, meaning that the amount of the fine is reduced. Payment of the reduced fine is still required. Citation amount will not be reduced to less than 35% of the base amount. This reduction does not include late fees.
- **Warning**, meaning the citation is reduced to a warning and the fine is waived.
- **Voided**, meaning the citation issued was determined to be invalid.
- **Denied**, meaning the citation is upheld and the original fine must be paid.

The Appeals Officer is the final arbiter of appeals. No further action may be taken.

11.4.2 Restrictions
The parking citation appeals process applies to UNT parking violations only. City parking and traffic citations must be cleared through the Municipal Court of the City of Denton, Texas, on or before the time and date stated on the citation. Citations resulting in vehicle impoundment may be appealed through the normal appeal process, but the impoundment fee must be paid before the vehicle is released.
11.5 WARNINGS

11.5.1 Visitors
Visitors receiving parking citations may appeal their citation using the online appeal process. While additional consideration may be afforded visitors, citations for the following violations are not waived.

- No Parking Areas
- Yellow or red curbs or lines on the street
- Tow Away Zones
- Fire Lanes
- ADA accessible spaces
- Reserved spaces, such as in “A” lots or other designated reserved spaces, or lot violations
- Paid hourly parking

To appeal a citation, a visitor may bring the citation along with a valid I.D. to Transportation Services within 15 calendar days of issuance, or may appeal their citation online through the Parking Portal found on the Transportation Services website (by creating a guest account).

11.5.2 UNT Faculty, Staff, and Students
UNT faculty, staff, and students may have one "No Valid Permit Displayed" citation per academic year reduced to a warning provided specific conditions apply:

- The individual has purchased a current permit, is parked where that permit is honored, and has no other permit displayed.
- The individual purchases a current, annual permit from the Transportation Services office within three calendar days from the date of issuance. In order for the warning to apply, the individual must purchase a permit that is honored in the lot for which the citation was written.

11.6 INTERDEPARTMENTAL TRANSFERS (IDT)
All IDT requests made for permit payment must be reviewed and approved by the department budget officer and the Senior Director, Parking and Transportation Services.

12.0 BICYCLES

12.1 PROCEDURES
Bicycles are not required to display a parking permit. Bicycles must be parked in bicycle racks only.

12.2 RESTRICTIONS
Bicycles may not be parked, stored, or left standing in any lobby, hallway, or room of any building. Riding bicycles on campus is prohibited in designated areas.
12.3 SAFETY

Bicycles are subject to all state and local motor vehicle laws pertaining to street travel. Bicycles operating on a shared-use pathway must yield right-of-way to pedestrians and operate at a speed and manner consistent with public safety.

12.4 IMPOUNDING BICYCLES

12.4.1 Improperly Stored Bicycles
Bicycles chained to handrails, trees, or any location other than designated bicycle racks may be impounded immediately. Security devices will be removed by whatever means necessary to impound the bicycle. The University will not be held liable to the owner of the security device for the cost of repair or replacement of such securing device.

12.4.2 Abandoned Bicycles
Bicycles may be identified as abandoned if they are left unused, are missing a major component such as pedals, handle bars, or chain and/or have a flat tire(s). Once identified as abandoned, the owner has two weeks to move the bike or make repairs or the bike is subject to impoundment.

12.4.3 Disposal
Impounded bicycles will be held for 30 calendar days after impound before they are disposed of. A list of impounded bicycles will be posted on the UNT Police Department web page for a minimum of 30 days: UNT Police Abandoned Property List. (See UNT Policy 12.002)

12.4.4 Claiming an Impounded Bicycle
Claiming an impounded bicycle requires:

- Proof of ownership (sales receipt, serial number, or unique identifier),
- Valid picture ID,
- Signed statement of receipt from Transportation Services, and
- Payment of any citations issued against the bicycle.
