

Parking information for UNT campus visitors

If you are attending an event on the UNT campus, please check with your event organizer about parking. Some events purchase parking in specific locations.

If your event does not include parking, please review the following options. Parking permit or paid parking is required at all times, including after hours, weekends, summer, and when UNT is open even if classes are not in session.

See page 2 for parking map & purchasing information.

Self-serve parking options

Day-use permit

A day-use permit is valid for an entire calendar day. It can be bought online and printed at home or bought in our office. This is a good option if you need to be on campus for several hours. Parking allowed in F/S or Eagle lots at all times. Print-at-home option is available any time.

Hourly parking lots

Specially designated visitor lots and some Eagle parking lots have kiosks to pay by the hour. Some Eagle parking lots – such as those at Discovery Park – and the Union Circle Garage use the ParkMobile phone app. This is a good option if you only need to park for a couple of hours. The app will let you add time in case you run over your pre-paid amount. ParkMobile and kiosk options are available any time. Parking available at all times.

Highland Street Garage

Our large parking garage at 620 Central Ave., Denton, TX, also allows for hourly parking. You can pay when you are done with cash or credit card. This is a good option if you need hourly parking close to the middle of campus and aren't quite sure exactly how much time you need. The garage is open 7 am to midnight Monday through Friday.

Please note, pricing on each of these options varies.

Please check with our office in advance if you need pricing information.

Parking information for UNT campus visitors

UNT parking lots and buildings can be found on Google Maps by typing "UNT" plus the lot number or address.

The app also lets you drop a pin at your location. If you visit campus, you can drop a pin at the location of your car. When you are leaving your destination, you can get walking directions back to your car from Google Maps.

To drop a pin:

1. Open up Google Maps on your phone at the desired location.
2. Press & hold the phone screen until a "pin" appears.

Where to park

Please view our campus map on our website home page at www.transportation.unt.edu. This will show you the locations of the parking lots and garages mentioned above. Use the map to cross-reference with the location of your event so that you can find the parking locations closest to your event. We recommend you find a few different parking options. Certain times of year are busier than others so you may need additional options.
